MANUAL RESEARCH PROJECT

B.Ed (1.5 Year / 2.5 Year)

Course Code: 8613

Name:	 	
Roll No.		
Registration No.		
Semester:	 	
Region:		
Theme:		
Sub-theme:		
Topic:		

Roll Number:	
Name of the School (where the action is	research was conducted):
	of the project; area / school: (socio-economic status,
occupation / profession – earning trend	s of majority of the parents, literacy rate, academic
quality, and any other special trait of th	ne community where the school is situated) (10
mai KS)	

Roll Number:	

Roll Number:	

	Roll Number:		
Them			
Sub-	theme:		
Topic	*		
1.	Why did you select this specific sub-theme and topic? Relate it to your experience / problem in your classroom / institution. (10 marks) (Give the background and rationale of the study)		

 Roll Number:

Roll Number:
What was your discussion with your colleague / friend / senior teacher or supervisor
regarding the problem? (05 marks)
(Provide your discussion with your colleague or supervisor for better understanding
of the problem and alternate solutions)

	Roll Number:

	Roll Number:
4.	What were the major variables / construct of your project? Give definitions /
	description from literature. (05 marks)
	(What are the key terms in your topic or study? what do you mean of these terms?
	What particular meaning you will attach to the term when used in this project?)

	Roll Number:
5.	
	What did you want to achieve in this research project? (05 marks)
	(Objective / purpose of the study; what was the critical question that was tried to be
	answered in this project)

	Roll Number:
6.	Who were the participants in your project? (05 marks)
	(Give details of the individuals or groups who were focused in this project e.g. the
	early-grade students whose handwriting in Urdu was not good or the students of class
	VIII who did not have good communication skills)

	Roll Number:
7.	How did you try to solve the problem? (10 marks)
	(Narrate the process step-wise. Procedure of intervention and data collection)

Roll Number:

Roll Number:

	Roll Number:
8.	What kind of instrument was used to collect the data? How was the instrument
	developed? (05 marks)
	(For example: observation, rating scale, interview, student work, portfolio, test, etc.)

Roll Number:	

	Roll Number:
9.	What were the findings and conclusion? (Provide instruments and analysis as
	appendix) (10 marks)
